CR 5 · TUNED FOR LVL 3

AC	HP	SPD	PP
16	80	30	18

MULTIATTACK

Two chain, or one chain + branding iron.

Spiked Chain +7 · 2d6+4 · reach 10

DC 15 STR or pulled 5 ft and knocked prone.

Branding Iron +7 · 1d8+4 + 2d6 fire

DC 15 CON or Branded: he has advantage on you; you have disadvantage vs frightened.

Feed on Their Fear (5-6)

10 temp HP + advantage, off anyone frightened, Branded, grappled or at 0.

REACTION

Someone Else's Skin — 1/round

Interpose a minion or captive within 5 ft. They take the hit instead.

HP

Vaskar — How He Fights

RUN HIM FROM THIS SIDE

SAVES	IMMUNE
S+7 C+6 W+5	charm · fear

BLIND TO LOVE — the win condition

First time each round someone Helps, shields an ally, or acts against their own interest: disadvantage on his next roll. SAY IT OUT LOUD every time.

Relentless (1/rest)

Dropped to 0 but not killed outright: he is at 1 HP instead.

Expects Betrayal

Cannot be surprised. Advantage on Insight to spot a lie.

TACTICS

Fights from behind people. Brands the front-liner early. NO Villain Actions at level 3 — give him 2 Thugs instead.

At ~25 HP he stops fighting.

Hostage, deal, run. He never dies on principle. Captured is worth an arc; dead is worth a strongbox.

HP

CR 5 · SEE RAGE CLOCK

AC	HP	SPD	PP
14	90	40	9

Slam +8 · 2d8+7 · reach 10

2d8+5 when not raging. DC 16 STR or prone.

Multiattack — Full Fury only

Two Slams.

Ground Slam (5-6) — Full Fury only

10 ft radius, DC 16 STR, 2d10 + prone. HITS HIS OWN SIDE. He does not aim it.

Fling — in place of one Slam

DC 16 STR or grabbed (escape 16). Hurl 20 ft: 2d6 + prone, and 2d6 to whatever he lands on.

ALWAYS TRUE

Attacks the NEAREST creature, friend or foe. Never Durgan. Ignores a downed PC if someone nearer is standing. Reckless: advantage to hit, advantage against him.

COUNT ROUNDS FROM RAGE START

FULL FURY	FLAGGING	BURNED OUT
1-4	5-6	7+

7+ BURNED OUT

THREE WAYS TO WIN

Outlast him · reach Durgan · use the room and stay past 10 ft.

GRIEF-RAGE — if Durgan is hurt or killed

Cannot be calmed by ANYONE. Full Fury lasts 6 rounds. He hunts whoever struck Durgan.

HP

Durgan Half-Ear

THE OFF-SWITCH

AC	HP	SPD
12	16	25

No fighter. Commoner with a bad temper. The bond is the point, not the sword arm.

Calm the Beast (action)

If Mott can SEE and HEAR him, the rage ends. Automatic — no roll. This is trust, not magic.

Rouse (action)

Deliberately provokes the rage. Ironwake's men make him do it. He hates it.

LEVERS

Threaten Mott and Durgan folds instantly. Offer them both a way out and he is yours for life.

Killing him is the worst outcome at the table.

Grief-Rage: nobody can stop Mott after that.

HP

Anselm Vogt

CR 1/2 · REVOLT LEADER

AC	HP	SPD	PP
11	26	30	14

Starts with 1 level of EXHAUSTION — four months of short rations and the lash.

Improvised weapon +4 · 1d6+2

Spear (if armed) +4 · 1d6+2

1d8+2 two-handed, or thrown 20/60. Give him a spear and he is a sheriff again — play the difference.

Steady Hand

Freed captives within 30 ft that see and hear him have advantage on saves vs frightened. If he falls they lose it instantly, and morale with it.

REACTION

Pull Him Back

Ally within 5 ft is hit: move them 5 ft and give +2 AC against that attack.

HP

Denrick

CR 1/2 · THE TRUSTY

AC	HP	SPD	PP
12	22	30	10

Cudgel +2 · 1d6

He fights only when cornered, and badly.

Light Crossbow +3 · 1d8+1 · 80/320

Prefers to shoot from behind somebody else.

Coward's Instinct

The moment a fight turns or he drops below half, he surrenders, grovels or bolts — always with a fresh deal on his lips.

REACTION

Shove the Weak — 1/round

Shoves another creature within 5 ft into the blow. The attacker may redirect the hit.

SOCIAL

Insight DC 13 to catch him. Deception +6.

HP

Yarel Stoke

THE ONE WHO ACTUALLY FIGHTS

art/yarel.jpg

AC	HP	SPD
13	32	30

Half-orc. Pit fighter before the collar. In any revolt, count Yarel as three men.

Unarmed / improvised +5 · 1d6+3

Any real weapon +5 · 1d8+3

Relentless Endurance (1/day)

Dropped to 0 but not killed outright: he is at 1 HP instead.

Savage Attacks

On a melee crit, roll one extra weapon die.

WARNING

He wants Vaskar personally, which makes him very hard to aim. If the party needs a line held, he is not the one who will hold it.

HP

Lady Ysabel Rochefort

NONCOMBATANT

AC	HP	SPD
12	9	30

She has never been in a fight and will not start one. If steel comes out she goes behind Perrin.

Dagger +2 · 1d4

Only if cornered, and she will be bad at it.

IF COMBAT STARTS

She is a hostage waiting to happen. Vaskar knows exactly what she is worth to Lord Ironwake.

She is carrying nothing the party needs.

The ledger is in the PARTY's hands until everyone is clear of the fen. That was the deal.

REMEMBER

Her mills run on bought labour. She owns Dov. She is being perfectly reasonable about all of it.

HP

Fen Guard

CR 1/8 · 25 XP · 14 IN THE COMPOUND

AC	HP	SPD	PP
16	11	30	12

Bramblefen's own. Underfed, unpaid, unenthusiastic. Brutes rather than soldiers.

Spear +3 · 1d6+1

1d8+1 two-handed.

Light Crossbow +3 · 1d8+1 · 80/320

MORALE — USE THIS

When half of any group drops, the rest run.

For the gate, or for the Hall. LET THEM RUN — a fleeing guard raising the alarm is better drama than a corpse.

NEVER MORE THAN 5 ACTING IN A ROUND

All 20 at once is roughly 3,800 adjusted XP against a Deadly threshold of 1,600. Bramblefen is a sequence of small fights, not a battle.

RELEASE VALVES IF THE ALARM GOES UP

1. Anselm fires early — 18 men hit the yard. 2. Mott gets loose — subtract 1-2 guards a round, add 1d4 slave deaths. 3. Guards break — they have no reason to die for Vaskar.

NOTES

Perrin will not run and will not leave without Ysabel. Dov was sold on this block and knows the ground. Cael is the death that will land hardest — the party knew his name yesterday.
